

Call for applications for the awarding of twenty scholarships to attend Digital Programs reserved for students who sat the admission tests in the April 2023 session - 2023/2024 academic year

1. Subject Matter of the Competition

Digital technology has profoundly innovated teaching, enabling students to acquire knowledge quickly and effectively. In order to spread a new culture of knowledge, Luiss University wishes to provide an incentive for enrollment in its digital programs by awarding a minimum number of **twenty** scholarships, for the 2023/2024 academic year, to students enrolled in the first year of the digital degree programs in Marketing or Strategic Management. Depending on how many students enroll, the number of scholarships may be increased at the University's discretion.

The scholarships, which consist of a waiver of the third instalment of the University's annual tuition fee **worth €4,300**, are reserved for students who sat the admission test for master's degree programs in the April 2023 session.

2. Awarding of the Aid

The scholarships will be awarded, in order of ranking, to the twenty candidates with the highest admission test score.

In the event of a tie, the candidate who submitted the application first will prevail.

The outcome of the competition will be announced by 15 June 2023.

3. Incompatibility

The aid envisaged by this competition is incompatible with other tuition fee waivers or scholarships held for any reason whatsoever, except for those awarded by Italian or foreign institutions designed to support, through periods abroad, a student's education for the academic years covered by this competition.

4. Renewal of the Scholarship

The scholarship, awarded for the standard duration of the degree program, will be renewed in the following academic year on condition that the recipient, by the end of the autumn exam session of the first year (September, 2024), has earned at least 50% of the education credits required under their study plan for graduation purposes.
