

Notice of competition for the awarding of a scholarship open to students admitted to the first year of the bachelor's degree program in "Management and Artificial Intelligence" at Luiss University in the 2024/2025 academic year who have participated in the 2024 CrackThePuzzle International competition

As part of its initiative to value excellent students, Luiss University will award one of the 45 scholarships reserved to international selection for the academic year 2024/2025 to a student not holding Italian citizenship admitted to the first year of the bachelor's degree program in Management and Artificial Intelligence who has participated in the 2024 **CrackThePuzzle International** competition and successfully completed the test.

The scholarship consists of a full waiver of the annual tuition fee for the entire standard duration of the degree program (three years), excluding taxes levied by the State or Region. The winner must bear the costs of travelling to Rome, room and board and in connection with a student's university studies (books, teaching materials, etc.).

1. Awarding of the Aid

The scholarship will be awarded by a Commission, chaired by the Director of the Degree Program in Management and Artificial Intelligence to the highest-ranked student among all those who have successfully completed the CrackThePuzzle International test in 2024 and who has already received admission to the Management and Artificial Intelligence course for the 2024/2025 a.y.

Should the chosen student have already been granted aid for at least the same amount or should one of the events triggering revocation of the aid referred to in Article 4 below occur, the scholarship will be awarded to the next highest-ranked student.

The outcome of the competition will be communicated by July 2024.

2. Incompatibility

The aid envisaged by this competition is incompatible with other tuition fee waivers or scholarships held for any reason whatsoever, except for those awarded by Italian or foreign institutions designed to support, through periods abroad, a student's education for the academic years covered by this competition.

3. Renewal of the Aid

The scholarship will be renewed in subsequent academic years, for the standard duration of the degree program, on condition that the student, by the end of the summer exam session of each year, has earned at least 70% of the education credits required under their study plan for graduation purposes and also has a weighted average grade of not less than 27/30.

4. Revocation

The aid envisaged by this competition will be revoked upon the occurrence of any one of the following:

- a. the student fails to enroll in the Management and Artificial Intelligence degree program for the 2024/2025 academic year;
- b. the student no longer fulfills the merit requirements necessary for renewal for subsequent years as specified in the preceding article;
- c. the student discontinues their studies;
- d. the student transfers to another degree program or university.

5. Information and Clarification

Any requests for further information or clarification on scholarships can be addressed to the Financial Aid Office by e-mailing financialaid@luiss.it.
