One course among:				
<ul style="list-style-type: none"> • Data Driven Management Accounting • Quantitative Economics • Organizational Behaviour and Leadership • Causality, Machine learning and Forecasting 	2	7,5	Elective	6

Important rules

- This study plan is designed for students taking part in the mentioned Structured Partnership Program and spending the academic year 2025/2026 at BI Norwegian Business School.
- Interested students are required to read and understand the study plan and its rules. These are to be considered binding to the successful completion of the program.
- During the mobility, students will be subject to the rules of the partner university.
- The list of courses to be taken abroad may be subject to changes should the academic offer at BI Norwegian Business School be amended.

¹ The choice between “International Commercial Law” and “AI and Data Ethics” might be made on the basis of the lesson schedule. If both courses were not compatible with “Marketing Analytics”, students will choose another elective course taught in the 2nd semester listed in the table above.

- In addition to the courses listed above, students will be required to complete the Final Work (4 ECTS), according to Luiss' rules and with a Luiss supervisor.
- Students participating in this program may not be able to graduate at Luiss in July 2026 but will be able to do so in October/November 2026, provided they pass all exams.
- Students who, due to exceptional circumstances, need to graduate in Summer 2026 may apply for an early grading procedure at BI. This procedure is entirely managed by BI and is initiated at the student's request. The availability of this option is subject to BI's internal regulations.
- It is not possible to request an official renounce of grade registration.
